## IPSWICH ROTARY CLUB

Anthony Richards, Incoming District Governor for District 3272 Pakistan/Afghanistan was visiting RID7930 recently. He was speaking to our clubs and thanking them for such great support for his District and the PolioPlus Campaign.

Rotary's drive to end the crippling disease will find its final front in his district. India has had 1 year will no new polio cases, Nigeria is almost finished with its eradication. However, the number of polio cases increased in Pakistan last year and even spread from there into China. Anthony stressed in his talks that diseases are shared globally since they are now just an airplane ride away. He also invited members of District 7930 to come to Pakistan to participate in National Immunization Day events. Plus he mentioned that "Polio Free Pakistan" now has its own facebook page!

With Anthony on his visit to clubs were his wife, Dr.Prof. Mariam Malik and daughter Zoe who is a young lawyer and Fulbright Scholar at the Fletcher School. With members of Ipswich Rotary Club and Raymond, NH Area Rotary Club they visited International Medical Equipment Collaborative to survey a project for a container of medical supplies to be sent to a hospital in Lahore. <http://www.imecamerica.org/>

## Salem Rotary hosts Afghan Orphans

Reprinted from SalemNews.com, Salem, MA January 4, 2012

By Tom Dalton Staff writer

The Salem Rotary Club had just finished lunch yesterday in the ballroom of the Hawthorne Hotel when a 17-year-old from Afghanistan, a girl with dark hair and a sweet smile, told a story that was hard to forget.

She said her name was Maria and that her family had suffered much and lost almost everything during years of fighting in her country, initially involving the mujahideen, the Afghan resistance fighters, and, later, the Taliban, the Islamic militant group.

"We didn't have anything, no house, no food, no water to drink," said Maria Fahim, who learned English only a few years ago and spoke in a strong, steady voice. "My small sister was crying just for a piece of bread."

Maria was a young girl when the Taliban fired rockets into her home. One killed her grandfather while he was praying. When she awoke, Maria saw the blood and his body.

"I will never forget this happens," she said. "I was so sick nearly to die."

Maria and the half-dozen children who spoke or sang yesterday at the Rotary meeting, many of them war victims, live at an orphanage run by the Afghan Child Education and Care Organization, an Afghan charity based in Kabul.

The Salem Rotary was their first stop, the first speaking engagement, on a three-month tour of the United States that will include programs at universities and high schools and an interview in Atlanta with CNN, the cable news station.

The tour is sponsored by the Goldman Sachs 10,000 Women Initiative and grants from the U.S. Embassy in Kabul.

The Salem program was arranged by Rachel Williams, a member of the Ipswich Rotary Club and a sponsor of a child in an orphanage run by AFCECO.

They are touring the United States to learn about this country, raise awareness about the plight of the estimated 1 million orphans in Afghanistan and, hopefully, to raise funds for AFCECO, which runs 12 orphanages with about 700 children from the war-torn country.

Ian Pounds, the American-born teacher for AFCECO, explained that many of the children still have parents but are living at orphanages to get an education, food and shelter — and to be safe. AFCECO has armed guards around the clock, according to one of its publications.

Education is so important to the children that he was almost reprimanded one day when he tried to end a class at 6:55 p.m. that usually goes to 7, Pounds said.

"We want our five minutes," one of the girls said.

Nasrin Sultani, the education

coordinator at AFCECO, said the orphanages are more "foster havens" that accept children from different backgrounds and regions in the hope of creating future doctors, nurses and community leaders for Afghanistan.

"I really want to work for my people and work for my country," Maria told the Rotarians.

Since arriving in Boston — their first plane trip — the children have visited the Museum of Science, driven on super-highways and met Americans.

"Here is very beautiful, and people are very kind," said Hala Rahmani, 16.

They also have had new experiences.

"When I first saw the lobster," Rahmani said, suddenly giggling, "it was amazing."

## CAPE ANN MOTOR INN

ON LONG BEACH

**33 ROCKPORT RD, GLOUCESTER**

After 20 years of hard work, Rotary and its partners are on the brink of eradicating this tenacious disease, but a strong push is needed now to root it out once and for all. It is a window of opportunity of historic proportions.

Your contribution will help Rotary raise \$200 million to match \$355 million in challenge grants received from the Bill & Melinda Gates Foundation. The resulting \$555 million will directly support immunization campaigns in developing countries, where polio continues to infect and paralyze children, robbing them of their futures and compounding the hardships faced by their families.

As long as polio threatens even one child anywhere in the world, children everywhere remain at risk. The stakes are that high.

## The Rotary Clubs of North Reading and Reading

have joined forces to bring the  
Taste of Metro North to “Main Street” at  
Reading Memorial High School (62 Oakdale Road)  
on Wednesday, February  
29, from 5:30 to 8 p.m.

“The event will feature the area’s  
best dining establishments in  
North Reading and Reading, as  
well as those from Andover, Bur-  
lington, Melrose, Stoneham,  
Wakefield, Winchester and Wo-  
burn who will present samplings  
from their menus,” said Commit-  
tee Co-Chair and North Reading

Rotary Club President Peter Majane.

“This event promises to be an informal, fun way to delight hun-  
dreds of people with one or two menu samplings from various area  
restaurants who will showcase their house specialties,” added Co-  
Chair and Reading Rotary Club President Gregg Johnson.

Tickets for the Taste of Metro North are \$30 (\$35 at the door) or  
\$50 for a family (\$55 at the door). They can be purchased on the  
Taste’s website [www.tasteofmetronorth](http://www.tasteofmetronorth.com) or from committee mem-  
bers and at the following locations: Reading Municipal Light De-  
partment, Reading Cooperative Bank (Reading and North Read-  
ing locations), Kitty’s Restaurant, Carr’s Hallmark, Winter Hill  
Bank, Sanborn Place and the Superintendent’s office at Reading  
Memorial High School.

Area restaurants who would like to participate and non-restaurants  
who are interested in sponsoring the event can visit the website at  
[www.tasteofmetronorth.com](http://www.tasteofmetronorth.com)

The Rotary Club is a civic organization dedicated to giving back to  
the community. Proceeds from this event will be donated the  
North Reading Education Foundation and the Reading Educa-  
tional Fund, as well as other charitable causes supported by the  
Reading and North Reading Rotary Clubs.

## *Focus on Maternal and Child Health*

Submitted by Medford RC President, Mary Sbuttoni

One of Rotary's future vision areas of focus is Maternal and Child Health. Rotary intends to improve the lives of mothers and their children by reducing the mortality rate for children, reducing the maternal mortality rate, improving access to essential medical services and trained health care providers for mothers and their children, and supporting studies related to maternal and child health.

The Rotary Club of Bonds Meadow (Westminster), Maryland has done several international projects that fall under the Maternal and Child Health category. They created a Safe Motherhood kit, with help from experts at Johns Hopkins Hospital and the nonprofit IMA World Health. Many women in developing countries give birth at home, where both mother and baby face potential risks from non-sterile conditions and unskilled birth attendants. Each of their kits contained items to use during home delivery and items for the baby. They were distributed to pregnant women at health care facilities. The club sent 1,400 kits to places like the Democratic Republic of the Congo and Haiti. Each kit cost US\$10-\$20 to assemble and ship.

The Bonds Meadow club is also partnering with Meds & Food for Kids (MFK) to pilot an initiative to provide Ready to Eat Therapeutic Food (RUTF) to malnourished children in Haiti. This will be an added component to an already successful program and main ingredients will come from Haitian farmers, meeting all international standards. For more information, visit [bondsmeadowrotary.org](http://bondsmeadowrotary.org).

At the 2011 District Assembly, Joshua the Otter was introduced to many Rotarians. Joshua is a water safety and awareness project designed to help save the lives of small children, drowning being one of the leading causes of accidental deaths in children around the world. Information about the project was in the Rotary International District 7930 E-Newsletter, November 2011. You can also visit [joshtheotter.org](http://joshtheotter.org) for more info.

If you would like more information on possible maternal and child health projects, please contact the district foundation committee chair for maternal and child health, Mary Sbuttoni, at [msbuttoni@aol.com](mailto:msbuttoni@aol.com) or 781-393-9893 x2. She would also like to hear from clubs that are already doing projects related to this avenue of focus. Please get in touch with her to share your information.
